TRANSCENDENTAL MEDITATION

TM is now available to the deaf community in the D.C. area because of the efforts of Ms. Phyliss Bank, the first TM teacher to learn sign language and specialize in bringing TM to the deaf. For those interested in learning more, there will be free introductory lectures held Wednesdays, March 2, 9, 23 and on April 6, 13 and 20 at Gallaudet College, Hall Memorial Building, Room 251 at 7:30 p.m.

O.D.S. REACHES OUT

In the spirit of Gallaudet's "outreach" and "multi-purpose institution" directions, the Office of Demographic Studies has concluded a contract with the Texas Education Agency to conduct a statewide pupil data management information system. This system will allow officials of the Office of Education for the Deaf to fulfill their legal mandate to monitor the educational placement and progress of each deaf child in the state, and to evaluate programs on a continuous basis to determine the most appropriate and effective means of providing special education to deaf children. The contract, now in its first year, is funded from ESEA Title I funds received by the state of Texas.

LAURENT CLERC: A PROFILE

At the request of the American School for the Deaf the cast of Laurent Clerc: A Profile, will be performing in the Robert's Theatre of the Kingswood/Oxford School in West Hartford, Connecticut. While in Hartford the group will stay at the American School and participate in the dedication of the Laurent Clerc dormitory. The dates of their performances will be March 17 and 18.

A SPRING HEALTH FAIR

This year, for the first time, Gallaudet College will make a health screening program available to the college community. A Spring Health Fair will be held in the Student Union Lounge on Thursday, March 31; Friday, April 1; and Saturday, April 2, 1977, from 9:00 a.m. to 5:00 p.m.

All students, staff, faculty, and their families are urged to attend. By utilizing national, state and local health agencies in conjunction with a great deal of volunteer help you can provide your families with preventive medicine at a minimal cost.

Please note that the tests administered at a health fair are designed for adults and participation in the fair is limited to those 18 years and over. Appointments will be made several weeks before the fair. Watch for details on how and where to register.

"WHAT IS NEWS TODAY IS HISTORY TOMORROW.."

The Department of Archives of the Gallaudet College Library would like to enlist your cooperation in order to ensure that Gallaudet College in the future will have complete records of the activities and events of every department and organization on campus. Please send copies of minutes of meetings, memos, programs, brochures, publications, or any other paper giving information about your department to Corrine Hilton, Department of Archives, EMG Library.

ART WORK IN HMB HALLS

The main hallway of HMB has, in the past, been decorated with paintings, which have been donated to the College. Joe Sgro has been kind enough to share these works of art with us. Recently, two small oil paintings, which were given to us by Mario Santin, '24, were stolen from the hallway.

We all enjoy the pleasure of beauty, come on.... give them back! It would be awfully nice to have them reappear as mysteriously as they disappeared.

AMONG OURSELVES

--Hal Domich attended a meeting of the National Advisory Committee for Architectural & Transportation Barriers Compliance Board in Denver, Colorado, on February 12 and 13.

--Brenda Maiers, Mary Hockersmith and Rich Steffan of MSSD headed West at the end of February, beginning of March, to look at career education models and how they have been implemented in other schools for the deaf. Mary went to Dallas and Fort Worth, and Brenda and Rich visited Denver, San Francisco and Phoenix from February 27 to March 5.

--Richard White, KDES counselor, spoke to students of nearby Federal City College on February 24 about the parent involvement program at KDES.

--James Pickett, director of SCRL will leave on Tuesday, May 22, 1977 for a visit to several groups of colleagues in England.

--The combined efforts of the KDES and MSSD faculty and staff resulted in an auction that raised more than \$750 towards Lori Manson's expenses for participation in the World Games for the Deaf this June.

ON THE GREEN is published each week by the Office of Alumni and Public Relations for the faculty and staff of Gallaudet College.
